

White Cloud and Surrounding Country.
We gave a description of White Cloud, nearly five months since; but as we have so many inquiries on the subject, we describe the town and surrounding country again.

White Cloud is situated in Doniphan County, Kansas, on the west bank of the Missouri River, about two miles below the Nebraska line, 50 miles by river, from St. Joseph, and 615 from St. Louis. It was named after Ma-lush-kah, or White Cloud, a celebrated Chief of the Iowa tribe of Indians, who died a few years since at the Mission, in this County. The land upon which the town is situated, extending west some fifteen miles, were held in trust for the Iowas, and were sold in June last. The Iowas still have a Reservation, north and west of here, lying partly in Kansas and partly in Nebraska. Their village is some three or four miles from here. Some fifteen or twenty miles west, lies the Sac Reservation, occupied by the remnant of the celebrated Black Hawk's tribe. They do a great part of their trading here; and many of the old warriors bear scars of numerous wounds, which they probably received while following the lead of Black Hawk.

The land belonging to our town site contains nearly 1800 acres; the portion which is not built upon, being covered with timber. It abounds in building material of every description, and the health is unsurpassed anywhere. We have one of the best landings and wharfs on the river, from which the land gradually rises, affording a fine view from the River. About a mile to the west, the prairie begins, and stretches away as far as the eye can reach. This prairie is the admiration of all who behold it. Many persons have come here expressly for the purpose of seeing it, and they have invariably pronounced it the most beautiful they ever saw. The productiveness of the soil is unexcelled.

Our town is situated six miles farther west than any other river town in Kansas, and will undoubtedly make the largest town in the Territory, above Leavenworth. There are good roads to the towns in Brown County, and the Nemaha settlements, which will, ere long, make this their shipping point, as many of them already do. This is one of the best places in the Territory for the business man and mechanic. In fact, a number of mechanics, such as a Tailor, a Shoemaker, a Saddle and Harness Maker, and some others, are badly needed here now, and could do a good business.

The first claim was made here, we believe, in the Summer of 1856; but as the Iowa Trust Lands were not open for settlement, the Agent ordered all the settlers off. The project of starting a town here was abandoned for the time being. Last Fall, when the lands were offered for settlement, the town project was renewed; but as there was still great uncertainty as to the manner in which the lands would be sold, no effort was made to push the town ahead. Only a few houses were built here, and no efforts made to build up the town, until after the land sales, in June, when a title was obtained to the site. Since the Fourth of July, when the first sale of lots took place, building has gone up rapidly; but considerable drawback was occasioned by the mills not being able to furnish lumber fast enough to supply the wants of the town and back country. There is one saw mill in town; another in the Missouri bottom, about half a mile from the river; several on Rush Island, some three or four miles below here; and another will shortly be put into operation here.

There are now in the town a number of stores and business houses, and others in course of construction. The population is now probably over 300, and increasing daily. The town has merely made a commencement the present season. Next year, there will be a perfect rush of settlers here. We hear from all directions, of persons who contemplate coming here, in the Spring. Among the improvements contemplated for next year, are several mills; a number of fine buildings, a steam ferry boat, and a large number of dwelling houses. Fine business lots can be bought at prices ranging from \$300 to \$1,000. Good lots for dwellings can be had for much less.

The principal members of the City Company are Dr. H. W. Peter, James Foster, Esq., and J. H. Utz, of Oregon, Mo.; E. Spaulding and C. Dorland, of this place; S. F. Nuckolls, of Nebraska City; Hon. James Craig, member of Congress elect, Major J. E. Barrow, Lieutenants & Boyd, and others, of St. Joseph; Geo. Doniphan, of Leavenworth; W. J. Galling, Esq., of Fort Des Moines, Iowa; Dr. R. J. Galling, of Indianapolis, Ia.; Franklin L. Parker, of Ann Arbor, Mich.; Senator Bigler, of Pa.; David Bailey and Ozias Bailey, of Illinois; John W. A. McGarvey, of Hopkinsville, Ky.; J. H. Burns, of Wheeling, Va.; and a number of others. The officers of the Company are—President, James Foster, Esq.; Secretary, Wm. J. Galling, Esq.; Treasurer, Dr. H. W. Peter. The members of the Company are all men of character and energy, and will spare neither efforts nor money to make this one of the first towns in Kansas.

We shall hereafter, from time to time, publish such articles in regard to our town, as will be of interest to those seeking a desirable location in the west-for business of all kinds.

MERCHANT'S GARGLING OIL.—There is no medicine that has better stood the test of a long and severe experience than Merchant's Gargling Oil. It is manufactured in Lockport, N. Y., and has gradually worked its way into public favor and general use where its merits are known, because it does really possess the good qualities that are claimed for it. For all cases in which a liniment is required, it is unsurpassed and unequalled. It has been long and extensively tried, and few indeed have been the instances in which it has not produced the desired result. As a remedy for animals it is indispensable, and far superior to anything before the public. We do not speak of this medicine in these terms because we have any interested motive for so doing, but because we have had opportunities to know that it is a really valuable preparation, without any humbug about it, and should be in the possession of every farmer who has anything to do with horses or cattle. It is for their benefit that we call attention to it, and state that it may now be found for sale at Sprague & Pett's, in this city, who are the regular agents for it. All who have used it, concur in the opinion that it is really the best thing for the purposes for which it was intended, that has ever been presented to the world.—*Waterbury (Wis.) Democrat.*

ARE YOU SICK?
Then you can't be cured too soon. Don't delay until your complaint is incurable, and then mourn when it is too late. Four-fifths of all the diseases which people the church-yards, might be cured by Ayer's Cathartic Pills, if taken in season. Don't drag through the Spring, faint, sleepy and listless, because your blood is loaded with bile. Don't wear the Headache, Heartburn, and their kindred disorders, because your stomach is foul. Don't parade yourself around the world, covered with Pimples, Blotches, Ulcers, Sores, and all or any of the unclean diseases of the skin, because your system wants cleansing. Don't show yourself about, lean, haggard, all caved in, because your stomach and bowels need strengthening into healthy action. Ayer's Pills set these things right, as surely as water quenches fire. They purify the body and blood, and restore their functions into healthy action, which you can feel as quick as they are taken. They are the one great medical wonder of the age, recognized by all who know their virtues, and many thousands know them. Take the Cherry Pectoral for a cough, and the Pills for all derangements requiring a purgative medicine.

Prepared by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.
Sold by Shreve & Macy, White Cloud, Kansas; Reed & Sturges, Iowa Point; Dr. James N. York, Doniphan; Peter, Franer & Co., Oregon, Mo.; Barnard, Adams & Co., St. Louis; Van Lear & Betts, St. Joseph; and by all Druggists.

For all Clubs of Twenty and over, the yearly subscription is only \$1.40.
The new volume will be printed upon fine paper with new type.

The general character of the Scientific American is well known, and, as heretofore, it will be chiefly devoted to the promulgation of information relating to the various Mechanical and Chemical Arts, Manufactures, Agriculture, Pottery, Inventions, Engineering, Mill Work, and all interests which the light of Practical Science is calculated to advance. It is issued weekly, in form for binding; it contains annually from 500 to 600 finely executed Engravings, and notices of American and European Improvements, together with an Official List of American Patent Claims published weekly in advance of all other papers. It is the work of the Editors of the SCIENTIFIC AMERICAN to present all subjects discussed in its columns in a practical and popular form. They will also endeavor to maintain a candid fearlessness in commenting and exposing false theories and practices in Scientific and Mechanical matters, and thus preserve the character of the SCIENTIFIC AMERICAN as a reliable Encyclopedia of Useful and Entertaining Knowledge.
[Specimen copies will be sent gratis to any part of the country.]

3,000 Shares Sold in Three Weeks!
A MAP OF KANSAS AND A SHARE
IN SARATOGA CITY, consisting of Five Lots, with a chance of drawing the Principal Prize, valued at \$10,000.
FOR ONE DOLLAR!
The subscribers at the solicitation of many Shareholders are induced to alter their original plan for disposing of Saratoga City, and have adopted the following, viz: Saratoga City has been divided into 300 Shares, each Share consisting of Five Lots. These Lots are, the largest SIXTY by SEVENTY feet. These Springs will have Ten Acres of Land connected with them, and will constitute the principal prize, being valued at \$10,000. These Springs are worth a fortune to the person that draws them. The water that discharges from them would supply a large city, and is pure, cold and sparkling, and possesses mineral properties which render this city the Saratoga of Kansas. These Springs constitute one of the Five Hundred Shares.

There will be 10,000 Certificates issued, and each holder of a Certificate will draw a MAP OF KANSAS, WORTH ONE DOLLAR, OR ONE OF THE FIVE HUNDRED SHARES IN SARATOGA CITY!
Location of Saratoga City.
Saratoga City is located in Calhoun County, in Section 22, Township 9, Range 15—about 4 miles North of Topeka, 16 from Tecumseh, 25 from Leavenworth, and 35 from Lawrence; is adjoining the Pottawatomie Reservation, (30 miles square), which will soon be open for pre-emption.

10,000 MAPS!
We are happy to state that one of our most respectable Land Agency firms are engaged in getting up the most accurate Map of Kansas that has ever been produced, and that we have engaged 10,000 copies of the first edition! We can now supply a beautiful colored Sectional Map of Kansas to those who do not wish to wait until our Map is published.

Plan Suggested for the Distribution.
It has been suggested by a Shareholder that 10,000 Envelopes be procured, and into 9,500 of these, a slip of paper or card be inserted, with the words, "This Card entitles the holder to a Map of Kansas, which can be obtained by forwarding this card to the Committee appointed to receive it," and into 500 of the Envelopes a slip or card be inserted, with the words, "This Card entitles the holder to a Share in Saratoga City, which can be obtained by forwarding this Card to the Committee appointed to receive it." The Envelopes to be sealed up, and to be precisely alike—then to be indiscriminately mixed together, and numbered from No. 1 to No. 10,000, and those persons holding Certificates, forwarding them to the Committee appointed to receive them, will receive the numbered Envelopes, which will contain the number of the Certificate which they forwarded to the Committee, and which will exhibit to them the result. This plan will probably be adopted, as it will guard against imposition.

THE DISTRIBUTION
Will take place as soon as the Maps are ready, about the 15th of October, at the City of Kansas, and in any quantity, at their Coal Bank, one mile and a half below Mt. Roy, Brown County, Kansas. Come on with your teams, or send your orders.
